

# LMS Midlands

# Regional Meeting and Workshop 2024

Loughborough  
University

2–5 April 2024

LONDON  
MATHEMATICAL  
SOCIETY  
EST. 1865

The **regional meeting on 2 April (U.0.20, Brockington Building)** will consist of three talks by:

-  *Jonathan Bennett* (University of Birmingham)
-  *Oana Ivanovici* (Sorbonne Université)
-  *Christopher D. Sogge* (Johns Hopkins University)

The lectures are aimed at a general mathematical audience.

The aim of the **workshop (3-5 April) on Harmonic Analysis on manifolds (SCH.1.01 Schofield Building)** is to bring together experts in harmonic and microlocal analysis as well as PDEs, number theory and dynamics, to discuss recent developments and progress on open problems in the field.

List of speakers:

-  *Veronique Fischer* (University of Bath)
-  *Jeffrey Galkowski* (University College London)
-  *Daniel Grieser* (Universität Oldenburg)
-  *Jonathan Hickman* (University of Edinburgh)
-  *Oana Ivanovici* (Sorbonne Université)
-  *Simon Myerson* (University of Warwick)
-  *Anke Pohl* (Universität Bremen)
-  *Jan Rozendaal* (Polish Academy of Sciences)
-  *Christopher D. Sogge* (Johns Hopkins University)
-  *Melissa Tacy* (University of Auckland)

Engineering and  
Physical Sciences  
Research Council

Organised in  
partnership with the  
Clay Mathematics  
Institute

Organiser:  
*Jean-Claude Cuenin*  
(Loughborough)
